

OVERPOWER CCG

SERIES INFORMATION

- PRODUCED BY:** Marvel Interactive
RELEASED: 1998
BASE SET: 66 Spawn-related cards (From the 'Image Comics' Expansion only), including two promotional cards.
- INFO:**
- Overpower is a collectible card game featuring characters from multiple comic book properties, released throughout multiple editions and expansion sets.
 - The Image Comics Expansion from 1998 is the only set that included Spawn-related cards.
 - Cards are divided into different rarities: common, uncommon, rare, and very-rare cards.
 - There is one Spawn-related promotional card with two different versions. "Spawn Finite Power" was given out at Wizard World Chicago in July 1998, but the card was manufactured with an incorrect cut. A corrected version was given away as a tournament prize at various events in 1999.
 - All cards share the same design on the back except the 'Shattered Image' Mission Card.
 - Cards were sold in 15-card booster packs, which were distributed in 36-pack boxes. Additionally, cards were sold in 60-card starter decks, which were distributed in 12-deck boxes.
